

**PROPHETIC WORDS OVER LOUISIANA  
CHUCK PIERCE AT GIDEON CHRISTIAN FELLOWSHIP  
NEW ORLEANS  
DECEMBER 16-17, 2007**

I have come to you to let you know that my time of visitation is upon this land. I will say to you that there will be much rearrangement. I say to you the sound that has now been released will cause...I just hear these words...the tents to disassemble and now you will begin to take houses and lands that you didn't even build saith the Lord. I would say to you now I will begin to build on your behalf for I've seen the desolation and I have seen the weeping and the crying, but I say now I am coming and even the youngest will know that I am in the midst saith the Lord. I say to you the sound of heaven and the sound of earth are now connecting at this gate and at this mouth, and I say what was rearranged now will be reordered saith the Lord... And I would say to you your rebuilding now will accelerate and what has held it at bay, now I say the sound is creating movement for the building to accelerate...That means that what has pierced down into you that has been stored there that will create new life, create new structure, is coming alive. Decree that it is moving from this point of this nation and will spread from here all over this particular land.

The Lord said at the end of this year, beginning in December and in January that we were to stay very focused and everything that's been held up in the restorative process, it needs to get loosed. And He said if we would come here and worship and decree and gather, we would see such release start happening that we would gain...it was almost like we had never really gotten fully started in what He was going to do and it would get started and moving and by April things would be moving and I'm going tell you by this time next year you're going to say, momentum by the spirit of God has come into this land and we are no longer the same people any longer.

Because He is going to move now in Louisiana. Now here what I'm saying. You get ready. He's going to move and it's like the rebuilding process will start. And I tell you what, it's going to start. It's going to start now. It's going to start moving in an accelerated...It's almost like you're going to just sigh a deep breath and say, Lord thank you that we endured this test. And I do want to say to you, what happened here in New Orleans I believe has

had as great of an impact on this nation as what happened in New York at 911. You will never know how God has used the weaknesses of our nation and our culture and all of that you've endured down here to expose things that will bring great change to all of us in days ahead.

...but there is something about Louisiana and what has gone on in this region that is determining the movement of God for an entire nation in days ahead. We're not even going to just look at your wounding. We're looking at how you move now determines the course of a nation in days ahead. That's what this year was about, that I'm going to draw My eyes and say to you, Louisiana you'll be in the national championship this year because what's happening right down there in that region determines the course of this nation. Now I don't have to know what it all means. I just know what God said in April. And we had to be here to say, yes Lord.

So a lot of times what God will do to create the positive movement is create something double negative. I can't think of a better place that fits that than down here. I mean you haven't got anywhere to go but into the positive I'm telling you now. The Lord says I'm going to take the bitter and the bitterest thing that has happened in the course of this nation and I'm going to cast it into the bitter water that this nation is wanting to drink and out of the bitterness here I'm going to change the course of the way this nation drinks in days ahead. (Exodus 15:22-26)

(In reference to LSU in National Championship) You can say what you want—that's just a football game; who cares about that. Let me tell you the eyes of the nation will be watching. I don't even know if they'll win or not. That wasn't the issue of this. The issue of this was He just wanted you to know that His eye is here. And He wanted you to know that in the midst of all the confusion around you His eye is here—that there's no way, everybody else in the nation might think His eye's suppose to be somewhere else, but His eye is here.

He says...I come where bitter is so strong that they must have a healer in their midst. And I know where I'm going to heal this year. In this new beginning you need a healer in this land, and I've already chosen where I'm coming. I'm coming to heal. I'm coming to do supernatural things. I'm coming back to draw My eyes on you again. Where some would have said, just shut it down and move on, I'm coming back to draw My eyes on there

again. I'm coming back to move down in an area so I can begin to reveal Myself in no other place that I could reveal Myself like this.

I'm going to take the bitterness of all bitterness and reveal Myself as a healer. In other words I'm going to restore; I'm going to put back together; I'm going to mend; I'm going to put salve on things; I'm going to do a face lift; make things look better than it looked before...I'm going to heal you and be in your midst as healer from this day forward as you move forward. Then with the Healer in your midst, if you'll celebrate three times next year, celebrate with Me three times next year with dancing and song and music I will make sure angelic hosts stay in your midst, and the diseases that I start hitting other people with—they won't touch you...But if you'll do this in the midst of the disease that I start using to help you and set against your enemies, it won't touch you. (The Feasts-Lev. 23)

In April, the first month, now you'll be moving into a dimension of things like never before. Now I'm not just talking about New Orleans; I'm talking about Baton Rouge; I'm talking about Louisiana; I'm talking about evil being pushed out of things and things uncovered all the way up into Shreveport; all the way up to that gate in Arkansas.

To Ruby Green, Arkansas Coordinator: I want you to decree now with authority that the glory of God at this South Gate will start pushing its way up to meet that South Gate in Arkansas and the two glories will begin to meet. That's going to cause a lot of stuff in Louisiana to make some big changes. Now hear me, it's going to cause a lot of rearranging of legal systems. You're going to start seeing things uncovered that's been blocking you. This year everything that's been blocking gets uncovered.

Ruby Green: We decree in the name of Jesus that the glory of God from the state of Arkansas now will meet in Louisiana and drive out the evil from this place in Jesus name. We say that rejuvenation comes to New Orleans and to the state of Louisiana in the name of Jesus. We decree and declare that every political structure in Louisiana will begin to realign in the name of Jesus.

Alice Patterson, Justice at the Gate, TX: Yes Lord, I decree that every gate of this land, of New Orleans and of Louisiana has to realign now in the name of Jesus. We open the gate of government to the King of Glory. We open the gate of education to the Righteous Judge of the universe. We

open the gate of commerce to the Father of Lights, the Father who provides all of our needs, to Jehovah Jireh in Jesus name. We say that justice and righteousness will be the foundation of government in this state in the name of Jesus beginning in New Orleans in the name of Jesus. That justice will come in the courts of New Orleans in Jesus name. There's no longer a white justice and a black justice—there is the Lord's justice.

Tom Schlueter, Texas Coordinator: ...So I'm not just bringing the winds from the west but we're saying the governmental authority to blow mercy and justice and the release of the government of God, the kingdom of God over New Orleans is going to be released today. And I decree that in Jesus name, that the wind of God's spirit will come from the west and it will blow mightily and powerfully over Louisiana, over New Orleans, over every aspect of this land, and it will bring forth the power of God to release every hidden iniquity that wants to hide and it will release every blessing that God intends over New Orleans and over Louisiana.

Billy Joe Young, Mississippi Coordinator: ...we're just going to decree in the name of Jesus that the fullness of God, the fullness of the knowledge of the love of God would sweep into this state and that His glory would be seen from border to border, north to south, east to west in Jesus name.

Chuck: I see some workings on the east side of this city that God is about to put His finger on, and I don't even know where that is or what's going on or what's over there. The Lord says I'm going to start dealing with the eastern portion of this city. I'm going to start dealing with the eastern part of this state, especially the northeast. The Lord says I'm going to cause the northeastern portion of this state to turn upside down. I see a whirlwind coming down. But its like a drill bit. This whirlwind looks like a drill bit and its going to come down and just start drilling down into the ground and that iniquitous structure...what is up in the northeast...that iniquitous structure up there, the Lord says I'm going to drill down with the wind and unlock it and bring up My new spring of life.

Ken Bryan, Kenshire Ministries (decree over the water systems): . Father, we just call forth now Your healing anointing to come. I say waters of change be released from the headwaters down through the Mississippi, out the mouth and into the Gulf, Your refreshing healing waters Father. Let the bitterness be removed. Let the lawlessness be flushed out. No more

Father, no more, fresh, new, clean, healing. The waters of change have come into this state tonight in Jesus name.

Chuck presented first new mantle for the year ahead to Louisiana (moves from almond tree [first tree to blossom, significant of new beginning] to olive tree to pomegranate tree [healing, success, overcoming])—Lev. 26:9-12

Now Father I bring this new mantle, the first in this state and we decree right now over this state that this will be the new beginning. There will be an incredible increase and fruitfulness this year and by the end of this year there will be a success anointing upon God's people in this state that has never rested down upon them before and in between now and then everything that is resisting the glory of God will be pushed out of place in Jesus name. Father, I leave this new mantle. Mantle represents your identity. I leave this new mantle now here in Louisiana and I say be fruitful, increase, and make room for the new.

Larry Bizette, Baton Rouge: The Lord wants us to know that even this night has been appointed from the foundations of the world...there's going to be a restoration of that which was lost and there's going to be a momentum building through 2008 as apostles and prophets gather together in New Orleans and Baton Rouge and Shreveport. That even as we come together we're going to see an open heaven like we've never seen before. And the Lord says I will open the heavens and pour out of My Spirit even as a tidal wave of My Spirit comes to this state. And the Lord says even as the new governor goes into office. Even as he lays his hand on the Bible says the Lord I will break forth of My Spirit like you have never seen in the history of this state says the Lord. And the Lord says I will even now break the power of mammon that has been operating in this state. I will break the spirit of mammon says the Lord. And the Lord says I will expose those in government in 2008 that have been hiding and have been ruling in the sphere of mammon and the Lord says they shall be exposed and removed and you will read about them and I will put my righteous men and women in authority. And when the righteous rule the people will rejoice.

Willie Wooten, New Orleans: ...And I declare that the water systems are already changing because we are believing what God has already said, that we are moving in a new dimension and the system we declare it now that things that are hidden are being uncovered right now...That fruitfulness

is coming to our land. Amen. New beginnings are taking place and we shall behold the change taking place in our entire region because New Orleans is to thrust and push the waters up. The flow shall be reversed and we shall see, we shall see the fruitfulness take place throughout this valley that the Mississippi River flows through...

Monday AM

(Is. 28:2-5) In other words when you see the ruling system is taking the best for themselves I will begin to operate saith the Lord to shift that system and remove their favor and put it on the remnant. I'm telling you what, it's a good word...By this summer in this area you're going to see lots of changes in Louisiana...You can go back and make a record of all the changes that have come about from this moment forward through June 21<sup>st</sup> and you'll say Lord this is amazing you have done this much here. Then it goes on to say...“For a spirit of justice to him who sits in judgment, and for strength to those who turn back the battle at the gate.” And so what God has promised me for this year because this is the year of gates, He's going to give those who are following and listening to Him in His gate places new strength. This is a year that He will sovereignly put new strength on us...There's a favor and strength that's going to shift over us so we have the power to withstand the attack at our gate. That's what the word strength means, power to withstand attack. It means vigor; it means virtue; it's linked with wealth—the word itself...But what He's going to do is He's shifting power at the gate. I want you to think like that especially those 12 key gate cities, and the Lord keeps showing me 13 for some reason, key gate cities in our nation, New Orleans being one of them—Louisiana being key in this shift of power that's going on this year.

...Today I think we've seen what the Lord's doing going into “8”. Now hear me one more time, it's to cause us to gain new strength at our gate, our relationship gates, our supply gates, our territorial gates, all of the gates we're at, those opening places, those entry places that the Lord has for us this year. He knows the trauma we've experienced and yet He doesn't want that trauma as we've thought on it to set the course for our next eight years. So it becomes very important that we don't let the trauma of Katrina be the defining course of our next season. We want to see the trauma that you've experienced here cause you to see from a different perspective and you propel into and with momentum into a process of rearranging, rebuilding, redefining, and reestablishing your future.

Prayer: ...So let's ask Him right now just to remove trauma out of us. Now Father right now this anxiety over our future, Lord, we ask You to begin to go deep and reform us. Father, we just decree that our emotions will not be our ruling force but the spiritual force of God within us will begin to mount up in a new way. Father, we call forth that spiritual force within us so that Lord every gate you take us to we began to operate in a whole new way at that gate...Now Father we say right now this gate of heaven, we position now over New Orleans and Louisiana. Father this a time of entry way in. It's a time Father that we remove the things in us from our past that could cause us to have anxiety in moving forward. Father we decree our thoughts will become stayed on You. Lord I loose the word "focus" and "hitting the mark" over this area and this people. Father I ask you to dissect betrayal, spirits of betrayal, wounding, abandonment out of this people. Lord, we say the spirit of fear will let go of emotions in Jesus name. Father I say night visitations will come, so sleep will come, but also dreams will come an communication will come all over this region. Father just as Alice shared with us that one thing, we just take the one step you give us right now and Lord we say fear will be staying behind...Now Father I'm going to ask that things begin to move more rapidly in the rebuilding process all across this area. Father we address now the corporate ness of this region—Father, Baton Rouge and New Orleans and all the surrounding areas. We pray for a new corporate ness of God's love and power coming into the body of Christ, the gifts of God rising up in new ways. Then Father we pray for the land and the control factors on the land and the water systems connected with the land. And Father the supply of the land. Father we ask you right now that trauma let go so the rebuilding of your blueprint can occur. Lord we command trauma to let go of even the supply lines that's stopping the supply from coming in Lord to accelerate the change. Father we thank you right now for a shift that's going forth.
