

**PROPHETIC WORD FOR LOUISIANA through CHUCK PIERCE
ANTIOCH FAMILY CHURCH, BATON ROUGE
AUGUST 27, 2006, SUNDAY PM**

I would say to you I am renaming you to be my frontline state. I would say even though you have been in the limelight and you have been hit first with a major redoing structure from heaven and pattern that is coming down upon this land, I say now you will become the frontline of My model of that which I am going to do within this land. I would say to you I will begin to rearrange your government as a sign. There will be a government restructuring in this state that will be a sign that Louisiana has come into its primetime. I would also say to you I am going to link you together and though you have faced the storm unexpectedly I will link arms throughout this state in a way that will amaze the world and you will face the storm together and you will cause the storm to turn in days ahead. I would say to you I am creating a pattern of building in this state that has not been seen in other places and you will not be able to rebuild from the plan of man. When you attempt to rebuild and continue to cry out for rebuilding and restoration in the plan of man, I will come down and visit you and rearrange that building plan. For I say I have come in to change the mouth of this nation in this state saith the Lord. And I will begin in September to send My Spirit from north into the very mouth of this state. I would say I'll move all the way from Minnesota into Louisiana and I will restructure the way My mouth will begin to communicate saith the Lord. I say there will be a fire in New Orleans that will begin to awaken the land to refocus the land upon that city that will say to this nation I am purifying a place and I am purifying a people. For I would say to you I am taking a hot coal and sending angels to guard the mouth of this nation in New Orleans. Therefore you will structure the formation of the mouth of this land around My voice in heaven saith the Lord. It will be heard that supernaturally and sovereignly we have seen a rearrangement of downsizing and a realigning and a reinforcing occur for I am creating a model from this state that will create the soundness of this nation in days ahead. So I say don't think you have been on the forefront of disaster. I have now put you on the frontline of restructuring and presenting My plan from heaven saith the Lord.

Lord, I also see a healing movement breaking out all over this state. Lord, we receive a healing mantle coming down on us tonight. Father we say anoint the leaders of this state to not only heal the sick and the lame but to heal the land. Father we thank You. Father, we anoint them. Father we say there's an anointing coming on this people Lord where healing will sweep through. And Lord we'll begin to hear of divine sovereign healings just like we heard about in the word of God. Lord it will be known that Louisiana has risen into a place of anointing, and the healing miracles of God are now flooding through. And I say many will go to the coastal areas and they will press in because healing will break out all along the coast for I will re-form new churches with new ideas and new anointings. I say don't try to replant what you have seen Me uproot for I say I am using this state to create a wineskin that I, only I, can pour into saith the Lord.
