**Planting Seed For Harvest In Japan*

**Prophetic Word Regarding Shaking*

**Prayer for Louisiana Through May 2011*

March 24, 2011

Dear LAPN Warriors,

As part of the Louisiana Triumphant Reserve, we have a great opportunity to not only pray for and decree a harvest in the nation of Japan, but to plant financial seed for that harvest. Bob Jones said the mercy we show Japan will be shown to us during the time of our need! If you're looking for a reliable ministry through which to make a donation, we would like to suggest *Somebody Cares America/International* based in Houston, Texas and directed by Dr. J. Doug Stringer. We have known Doug Stringer for many years and have worked with him through the prayer network in Texas as well as in Louisiana when he brought a relief team to New Orleans after Katrina. Also Doug's ancestry is Japanese and he has family living in that nation. You can donate online at their website: <http://www.somebodycares.org>

Prophetic Word from Chuck Pierce at Glory of Zion Early Morning Prayer, Tuesday, March 22, 2011!

We are including portions of an exhortation and a prophetic word that Chuck gave related to the shaking that we're seeing in the earth as well as a word that's very pertinent for us in Louisiana and the nation regarding the offshore drilling rigs. Please read carefully and pray accordingly!!

"Focus in on the oil platforms in the Gulf for they are targeted now for the enemy to remove. Call in angels to those platforms. Call for angels to redirect the oil supply of the earth right now. Call in the angels necessary to bring the oil to its destination. For even today there will be many that try to stop the flow and the resources of the earth...many demonic hosts. But I say I have destined, ordained and gathered you to call in the angels that would open up the supply. Call the angels in. Hear the sound that will bring the angels through the portal so they stand at the platforms that you need to build from in this hour...There are attacks being plotted against oil structures that carry oil—refineries, platforms. Right now decree that the angels are coming in or else all it does is escalate and eat up your supply."

Chuck shared that the Lord gave him Amos 7:4-6: *Thus the Lord God showed me: Behold, the Lord God called for conflict by fire, and it consumed the great deep*

and devoured the territory. Then I said: "O Lord God, cease, I pray! Oh, that Jacob may stand, for he is small!" So the LORD relented concerning this. "This also shall not be," said the Lord God.

"The enemy is attempting to shake things out of My time and I am in the order of shaking says the Lord. It is I Who am rearranging the economies of the earth. It is Me Who is beginning to move My people into a new order and realign the nations. But I say the enemy would come in to change times and laws. I say My people must rise up and not pray out of their fears but pray out of the call I am extending them in this hour. For they are a nation above all nations, and I have called them to rearrange My Kingdom plan in the earth. I have called them to build Kingdom business and realign Kingdom processes. I have called them to even present themselves in gatherings like they have not been seen before. I say church as it was known was very prosperous on My behalf to bring many into a spiritual enlightenment, but it is now shifting. And I say I will build a new church, but it will be out of Kingdom keys that unlock the entryway in. I say the locks of heaven are changing—just as in the Panama Canal when the locks change, and I say I'm bringing in a different order, and I'm bringing in a different way, and I'm bringing in ships full of revelation at this time for My people to build with. I say know that things are changing at this time and it is you who must align with me.

"Now hear this verse (Reads Amos 7:4-6). He asked for a time of ceasing for the enemy could now enter in and shake the whole Pacific Rim. The Lord said you ask for a time of ceasing until people can reorder the way they will operate and My kingdom plan will go forth. He said, I have gathered you together this morning to look at Me and say, "cease", and if you will say "cease", I will cease and the enemy will cease and desist. Lord we say right now this is a moment of ceasing so you can steady what needs to be steadied in the earth...We can't put our hands to steady things (like Uzzah did with the ark), but we can ask the Lord to reorder what needs to be reordered so the enemy has no way to create conflict and chaos when I am not ready for that level of conflict and chaos to arise. So the Lord says right now this is a ceasing and a reprieve that I am decreeing from heaven, and if you will go to war for the ceasing, I will give you time to rebuild your platforms that won't shake loose. I say I will give you time to rebuild what will make you seek in the days ahead. For what you're building on now will not withstand the next season ahead. I say evaluate your building plan and re-vision, communicate with Me for I say if you will do that, then what would shake in days ahead will cease and you will have a steady plan for your future. I say to you decree today that I cease and decree a ceasing in the earth, and I will give you time to rebuild the platforms that will not fall saith the Lord."

"I believe the prophets that are prophesying shaking are true prophets. I just believe God is saying by intercession you will get this moment of ceasing in until a new plan of what will withstand the shaking that cannot be shaken is put in place. Now Lord, awaken us to this moment." (emphasis added)

Prayer Directives for Louisiana

We are asking you to include the following prayer directives in your intercession for our state over the next two months. Prophetically speaking there are some things that must be in place and some things that must shift by the end of May. It will take a concerted prayer effort and obedience on the part of God's army in Louisiana to see this accomplished:

*Our state legislature is in a special session focused on redistricting. The prophetic word last July was that warfare would start building over the political scene of this state as it rises up to take a stand in this nation. Pray for righteousness to direct this process and other critical decisions that are being made by our Governor and the legislature. Pray for the boundaries to be set according to God's plan for Louisiana. Proclaim Acts 17:26-27: "And He has made from one blood every nation of men to dwell on all the face of the earth, and has determined their preappointed times and the **boundaries of their habitation**, so that they should seek the Lord, in the hope that they might grope for Him and find Him, though He is not far from each one of us"

*Pray for Louisiana to continue to be "adjusted" and to "snap into alignment" for how it aligns is how everything on both sides and everything up the Mississippi will snap into alignment.

*Invite the Father to send the wind from heaven, a triumphant wind, that will scatter the enemy and bring in the wave of the Holy Spirit and His glory.

*Decree that layer after layer of darkness will be removed until Louisiana is taken over by the Holy Spirit!

*Keep calling forth the three generations that will prophesy and cause the wind of the Spirit to come.

*Cry out for the glory realm to come and to be fanned across the state (particularly in the North) so it will contend with the darkness in South Louisiana.

*Pray for leaders and intercessors along the I-10 Corridor to hear the call for prophetic worship gatherings over the next two months. Here is the prophetic word: "...beginning in September (2010) through May (2011) you need to start finding your places to worship all through here (I-10 Corridor). You need to have worship gatherings where you just have nights of worship. And you go and you worship, and you move, and you move prophetically, and when hell tries to stop you from worshipping, you just worship."

*Pray for the sound to continue to develop and to be birthed and released out of Baton Rouge and other areas of our state—a sound that will create a massive move of God and a song of deliverance that will empower the glory to drive out the darkness.

*Pray also for worship gatherings to be birthed in South Louisiana below the I-10 Corridor.

*Decree the removal and uprooting of any structure or corrupt system that is holding back the Blood of Jesus from having freedom to work.

*Pray for the ecclesia throughout Louisiana to find our places of worship and celebration—corporately and individually—remember worship can include music and instruments but doesn't have to. Worship in its essence is communion with God; it's also our lifestyle!

*Decree that Louisiana will be girded with His glory!

May you come into higher dimensions with Him above every circumstance and situation so you can see and hear and be rearranged and see your new platform and place of worship for the coming days!

Grateful to co-labor with you!
